A little Christmas elf was here
to brighten up your day
by surprising you with goodies –
and then jingling away.

Please help Santa share the spirit
of this festive time of year
with the joy you bring to others
as you spread more Christmas cheer!

Leave a treat and ring the doorbell
where an elf has not yet been
and then dash away unnoticed
so the elfing starts again!

Post your own elf in a window
to show you have joined the fun
of this holiday tradition
that's officially begun.
